

# HIRE ACROSS EURO

## Workforce Solutions for European Businesses

Welcome to Hire Across Euro, your premier Dubai-based manpower consultancy specializing in connecting European businesses with skilled workers from India, Bangladesh, Pakistan, & Nepal. This presentation outlines our comprehensive services, expertise, and commitment to solving your workforce challenges through ethical, efficient recruitment solutions.

# Empowering Europe Through Global Talent

Hire Across Euro is a Dubai-based manpower consultancy that connects European businesses with a **reliable pipeline of skilled, pre-screened workers** from **India, Bangladesh, Nepal, and Pakistan**.

With a deep understanding of EU hiring requirements and South Asian labor markets, we offer **end-to-end recruitment solutions** that are fast, compliant, and cost-effective.

Our mission is to bridge the talent gap in European industries by providing access to qualified workers who are ready to contribute to your business growth. We understand the complexities of cross-border hiring and have developed streamlined processes to make international recruitment seamless for our clients.

Our strategic location in Dubai allows us to efficiently coordinate between European employers and South Asian talent pools, creating valuable workforce solutions that benefit all parties involved.

# Why European Employers Choose Us

## Skilled & Verified Workers

Every candidate undergoes rigorous skill verification, comprehensive background checks, and thorough medical tests to ensure they meet your specific requirements and European standards. We maintain a database of pre-vetted candidates ready for immediate deployment.

## Industry-Specific Hiring

We source candidates for **construction, hospitality, logistics, manufacturing, agriculture, and cleaning**. Our recruitment specialists understand the unique demands of each sector and identify candidates with relevant experience and qualifications.

## End-to-End Recruitment

From shortlisting and documentation to visa processing and onboarding – we handle it all. Our comprehensive approach eliminates administrative burdens for employers, allowing you to focus on your core business while we manage the recruitment process.

## Fast & Compliant Processing

We work closely with embassies and ministries to ensure legal, timely recruitment. Our established relationships with government agencies expedite processing times while maintaining strict adherence to all regulatory requirements.

## One Point of Contact

No third-party confusion – we assign you a dedicated account manager who oversees your entire recruitment process, providing clear communication and accountability throughout the hiring journey.

# Our Workforce Expertise Covers

## Construction Workers & Engineers

From skilled laborers to certified engineers, we provide workers experienced in all aspects of construction projects. Our candidates have expertise in various specializations including masonry, carpentry, electrical work, plumbing, and civil engineering.

## Hotel Staff & Housekeepers

We source hospitality professionals at all levels, from front desk staff to room attendants. These candidates understand international service standards and are trained to deliver exceptional guest experiences in European hospitality environments.

## Warehouse & Logistics Operators

Our logistics personnel are experienced in inventory management, order fulfillment, and supply chain operations. Many hold relevant certifications for equipment operation and understand modern warehouse management systems.

## Machine Operators & Factory Workers

We provide skilled manufacturing personnel familiar with production processes, quality control, and safety protocols. These workers adapt quickly to industrial environments and can operate various types of machinery and equipment.

## Cleaners, Gardeners & Support Staff

Our maintenance and cleaning staff are trained in professional techniques and understand the importance of thoroughness and reliability in facility management roles across commercial and residential settings.

## Farmhands & Seasonal Agricultural Labor

We supply agricultural workers with experience in various farming operations, crop management, and seasonal harvesting. These workers understand the physical demands and time-sensitive nature of agricultural work.

Each worker is **trained, vetted, and ready to work in European environments**, with appropriate language skills and cultural orientation to ensure smooth integration into your workforce.

# Our Full-Service Recruitment Process

## Candidate Shortlisting

We identify and screen candidates based on your specific requirements, conducting initial interviews and skill assessments to ensure qualifications match your needs.

## Contract & Documentation

Our team prepares and processes all necessary employment contracts and supporting documentation in compliance with both origin country and EU regulations.

## Work Visa Processing

We handle the complex visa application process, ensuring all requirements are met and documentation is properly submitted to relevant authorities.

## Embassy Support

Our staff coordinates embassy appointments and biometric data collection, accompanying candidates when necessary to ensure smooth processing.

## Travel Arrangements

We organize all travel logistics including flights, transit visas if needed, and coordinate airport pickup upon arrival in the destination country.

## Legal Compliance

Throughout the process, we ensure full compliance with EU labor laws, work permit regulations, and employment standards.

# Legal & Compliance Coverage

## Work Permits & Contracts

We ensure all workers have valid work permits and legally binding employment contracts that protect both employer and employee rights. Our documentation meets all regulatory requirements and is prepared in appropriate languages with clear terms and conditions.

## Government Agency Coordination

Our established relationships with embassies, labor ministries, and immigration departments facilitate smooth processing and ensure all regulatory requirements are satisfied in both origin and destination countries.

## Social Security Registrations

Our team handles all necessary social security registrations in accordance with local regulations, ensuring workers are properly enrolled in required benefit systems and employers meet their statutory obligations.

## Insurance & Residence Documentation

We coordinate comprehensive insurance coverage and residence permit applications, maintaining proper documentation for legal stay and work authorization throughout the employment period.

Our compliance experts stay current with changing regulations across all European markets we serve, providing peace of mind that your international hiring practices meet all legal standards and avoid potential penalties or complications.

# We Help You Solve Key Hiring Challenges

## Labor Shortages

In markets facing critical workforce gaps, we provide access to qualified workers eager to fill positions that local labor markets cannot supply. Our extensive candidate database allows for rapid deployment to address urgent staffing needs.

## Unreliable Agencies

Unlike agencies that disappear after placement, we maintain ongoing support throughout the employment relationship. Our reputation is built on long-term partnerships and consistent service quality.

## Time-consuming Hiring

Our streamlined processes reduce recruitment timelines from months to weeks. With pre-vetted candidates and established visa channels, we eliminate the delays typically associated with international hiring.

## Risk of Non-compliance

Our expertise in cross-border employment regulations minimizes legal risks. We ensure all documentation and processes adhere to current laws in both origin and destination countries.

**Hire Across Euro is your long-term, ethical manpower partner** committed to sustainable recruitment practices that benefit both employers and workers. We prioritize transparency, fair treatment, and ongoing support to create successful employment relationships.

# Where We Operate

## Romania

Serving manufacturing, construction, and agricultural sectors with skilled workers familiar with Romanian work environments and basic language capabilities.

## Serbia

Supporting Serbia's expanding construction and manufacturing industries with reliable workers ready to contribute to the country's economic development.
